

What is your bear like?

The bear has a shiny wet nose, two big furry ears and two big googly eyes. But we want you to find out more!
Imagine you have just met the bear in the cave.

What does he (or she) say to you? How does he feel – shy or scared or something else? Will you hug? Will you be friends? What games will you play together?

This fun activity encourages your child to think about the Bear in the Bear Hunt book. It develops empathy and imagination and helps with writing skills.
