

## Make a DIY bat garland!

Have a go at making this easy, but effective bat garland.

### You will need:

- Scissors
- Black felt
- Thread
- Glue

### Method:

#### 1. Trace your bats

You can find a bat template online, or draw one on paper or cardboard. Then trace your bats onto the felt!

#### 2. Cut out your bats

Use scissors to cut out your felt, you might need an adult to help with this part.

#### 3. Make your garland.

Glue the bats along the thread to make them look like they're flying across your room!

**Display your new bat decoration every Halloween for years to come.**
