### Ingredients

- You might want to include the different utensils you need too, such as a cake tin or roasting tray
- Use the same measure for all your ingredients e.g. grams or ounces

### Method

- For your method, use numbers or bullet points and keep your sentences short
- Try to use a range of different verbs e.g. add, mix, blend, chop
- Use lots of adjectives to describe how the dish should look at different stages e.g. smooth, lumpy, creamy

### Final touches

- Include how many people the recipe serves
- Don't forget to send us a brilliant picture or even an illustration, and let us know why this recipe is special to you and your family
